Descriptive Language

In today's section of the book, Toad's caravan is introduced to us. The author gives us a strong picture in our minds of the caravan through his descriptive language.

1. Can you find all the description of the caravan (both its exterior and interior) and say what word class or technique the author has used?
2. Can you now draw your own picture of both the exterior and interior of the caravan, labelling it with the description you found in the text?

Writing task:

I would like you to describe an area of your home using descriptive language. It could be a room or a more specific place.

Don't forget to include:

- adjectives
- specific nouns
- similes
- metaphors if you really want to impress!
