

What do you think these things are on the map of the UK?

Hopefully you'd guessed that they're rivers! Do you recognise the names of any of them?

Can you identify where they start and end?

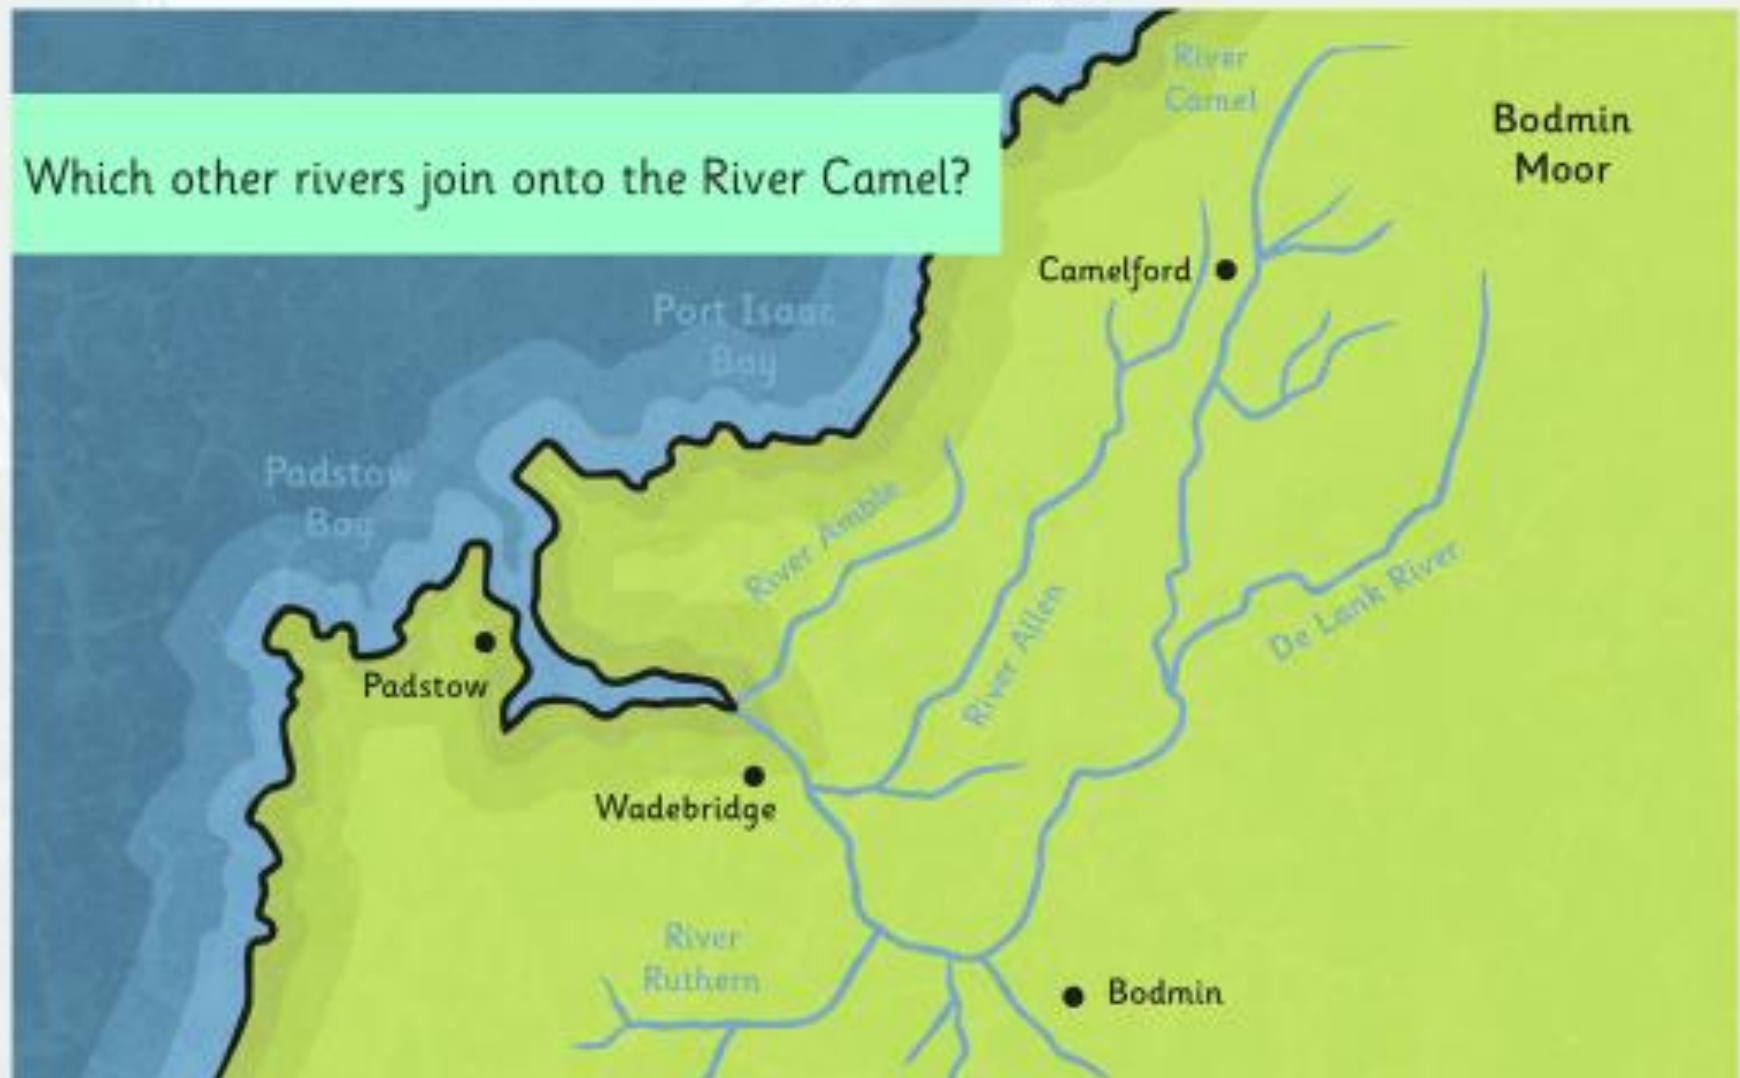

What is the start of a river called?

Watch this video to find out what the start and end of a river is called:

[Geography KS1/KS2: Rivers - BBC Teach](#)

# Rivers of England

Which other rivers join onto the River Camel?

# Where Do I Start and Where Do I Go?

## Questions

Look at this map of the River Thames.

1. Where does the river start?
2. Where does it end?
3. Which major places does it run through?
