

06.01.2021

Dear Parents and Carers,

Firstly, I want to thank you in advance for your patience and understanding during this week. Having to move to home learning at such short notice hasn't been easy but I hope that the children enjoy what we have planned for them.

Home learning

Home learning will be updated weekly. You can find the planning and resources for the remainder of this week on the Doves Learning part of our class page. If you have any trouble accessing any of this then please let me know via our class email. There will not be an updated topic map or creative homework this half term as we will be continually adapting and changing to meet the needs of both the children in school and those at home.

Reading Books

I am happy to exchange reading books for home learners if your child needs new ones. Please email our class learning email to arrange a suitable time and of course, social distancing and health and safety measures will be maintained at all times.

Mrs Melton has uploaded some great epiphany resources to the children tab for you to have a look at.

Finally, I just want to express that we understand and appreciate that everyone's situations are different and that home learning is not always easy. If you do complete any of the work then we would love for you to share this with us on our home learning email. I'll be checking our email as often as possible if you would like to chat/tell me about what you have been doing at home. I will also try to update our class page with home learning and in school photographs each week so that you can see what your friends have been up to.

We will miss having our Doves together very much but the main thing is that everybody stays safe and well and we will be together again soon.

Stay safe and keep smiling!
Miss Bassett, Mrs Selby and Mrs Mellor x
