Such a Story!

The caravan trip makes a strong impression on the three characters.

Discuss these questions:

- What are Mole and Rat's first reactions to the caravan?
- How do the three animals' behaviours differ on the road?
- Think back to the accident. Who organises matters? How do they all get home?

Today, I want you to choose one of the three characters and retell their version of the caravan trip to their fellow river-bankers. Use the sheet I've attached on the blog to help you structure your retelling.

When you've finished the planning sheet, I want you to orally retell your version of events. Be as convincing as you can in the role of your character. Perform it to a family member or film it if you can and send it to me, I'd love to see it!
